This spacious 2-bedroom, 2-bath townhome offers just under 1,400 square feet with an open layout and outdoor space at both ends of the home. The kitchen opens to the living and dining areas and features quartz countertops, a tile backsplash, under-cabinet lighting, a pantry cabinet, and an island with seating. New plank flooring, fresh interior paint, and updated window treatments brighten the home, and the primary bath features an updated walk-in shower. Outside, gather on the extra-large front patio under the Sun Setter awning or enjoy a quiet moment on the new back deck. An enclosed breezeway connects the home to the oversized two-stall garage, making it easy to bring in groceries on a rainy day. The new kitchen appliances, washer, and dryer are included. Ready for you to move right in and call HOME.
