\$165,000

3,616 Sqft

This is a great opportunity for a new generation to take over this thriving business. Maritz Nel has made the decision to retire and put his restaurant and bar business and property on the market. The building and equipment are in excellent condition. This is a turn key Sale, including Land, Building, all equipment and fixtures (with exception of some Leased machines). Inventory and Supplies on hand also included. There is ample parking, a full service kitchen and bar in this establishment. This is a well established business with a large regular clientele. Now is the time step right into your own thriving business. There is a separate parcel to the east (adjacent to Dix Insurance) that is available for purchase separately also. Makes great overflow restaurant parking, or could have great potential opportunities also.
