What a find! Private acreage, with well established windbreak lining the perimeter of 6 plus acres of land. Plenty of room to build the house of your dreams or create your own hobby farm! A lovely and producing vineyard is located on the west side of the property with a couple of varieties of grapes and opportunities for income. A nice garden area and apple trees are additional perks. The main structure and focal point on the land is a large 36' x 50' barn that was moved onto the property, anchored to a new concrete foundation, with a nice large garage area and the beginnings of a living area on the ground level. You are only limited by your imagination as to what you want to do with the property. This may just be what you've always been waiting for!
