2 Bedrooms | 1 Bathroom | 1,153 Sqft

Located just three blocks from Clear Lake access and four blocks from downtown, this 2-bedroom, 1-bath home offers an opportunity to create value in a desirable location. With approximately 1,100+ square feet and built in 1939, the property provides a solid foundation for updates and improvements at an accessible entry point into the Clear Lake market. Recent exterior updates, including a newer roof and siding within the past five years, add value and reduce some major upfront expenses. Opportunities this close to both the lake and downtown are limited, making this a compelling option for those looking to build equity and take advantage of location.
