2 Bedrooms | 1 Bathroom | 1,028 Sqft

A covered front porch under mature trees gives this home a personality all its own! Inside, the living room connects easily with the dining area, creating a practical layout for time together. A window nook adds character to the dining space and offers a sunny perch for plants, animals, or books. The kitchen makes thoughtful use of its footprint with cabinetry and counter space for cooking, storage and meal prep. Each bedroom offers a place to settle in, with flexibility for guests, hobbies or a home office. The full bathroom and laundry are conveniently located down the hall, helping keep daily living simple. Out back, a mature shade tree anchors the yard and provides a spot for a picnic table, outdoor games or evenings beneath the branches. With a functional layout and room to add your own style over time, this home is ready for someone new to enjoy. Pull up a chair on the porch, picture yourself at home and see if this sweet little address is the one that feels just right!
