Inside, the main level flows from a living room into the kitchen with plenty of room for an island, plus the dining room with french doors and a sliding barn door to the pantry for added character. Everyday living is made easier with a convenient main floor bedroom and bathroom. Hardwood floors bring natural character to the upstairs bedrooms. Outside is where this property really sets itself apart. The large insulated metal shed offers two overhead doors on the heated south end with room for your vehicles, toys, or projects. The north side is heated and cooled for year-round use perfect for entertaining and extra storage. There's room to create separate zones for work and play.
